

The 11th International Intensive Course for Interventional Radiology (IICIR)

Korean Society of Interventional Radiology
January 28 – February1, 2013

Organized by
KSIR (Korean Society of Interventional Radiology)

Program Director:
Do Yun Lee, M.D./ Hyung Jin Shim, M.D.

Program Coordinator:
Je Hwan Won, M.D., Sung Bum Cho, M.D.
Hyun-Ki Yoon, M.D., Hwan Hoon Chung, M.D.

Schedule of IICIR

Monday, January 28

08:30 am Welcome, Introduction and Orientation

Hyung Jin Shim

<Embolotherapy>

09:00-09:30 Embolotherapy: materials and tools

Jae Hyung Park

09:30-10:00 Embolotherapy of GI bleeding

Seung Hyung Kim

10:00-10:20 Bronchial artery embolization

Nam-Kyu Chang

10:20-10:50 Q&A, Coffee break

10:50-11:20 Gynecologic embolotherapy

Man Deuk Kim

11:20-11:50 Embolotherapy of peripheral vascular Malformation

Kwang Bo Park

11:50-12:20 Embolotherapy in trauma patients

Seung Kwon Kim

12:20- Q&A

12:30-2:00 Lunch

<Transcatheter management of hepatic tumors>

2:00-2:40 TACE I : Basic principles with anatomical considerations

Hyo Cheol Kim

2:40-3:20 TACE II : Case discussion with hot issues and technical tips

Jin Wook Chung

3:20-3:50 Q&A, Coffee break

3:50-4:20 TACE with drug eluting beads

Ho Jong Chun

4:20-4:50 Intraarterial infusion chemotherapy of malignant tumors

Hiroshi Anai

4:50-5:20 Portal vein embolization

Hyun-Ki Yoon

5:20- Q&A

Tuesday, January 29

< Vascular intervention: PAOD>

09:00-09:30 Vascular imaging in PAOD : Imaging technique & clinical Dx.

Jin Wook Chung

09:30-10:00 Arterial access and closure devices

Hwan Hoon Chung

10:00-10:40 Endovascular treatment of PAOD: aortoiliac disease

Jake Bae

10:40-11:10 Q&A, Coffee break

11:10-11:50 Endovascular treatment of PAOD: femoral disease

Hongshan Zhong

11:50-12:30 Endovascular treatment of PAOD: below-the-knee disease

Je Hwan Won

12:30- Q&A

12:30- 2:00 Lunch

< Vascular intervention: aorta and visceral arterial disease>

2:00-2:30 Thoracic aortic intervention: aortic dissection	Do Yun Lee
2:30-3:00 Thoracic aortic intervention: aortic aneurysm	Jong Yoon Won
3:00-3:40 Abdominal aortic intervention: overview of devices and techniques	Chang Won Kim
3:40-4:10 Q&A, coffee break	
4:10-4:50 Abdominal aortic intervention: complications and bail-out techniques	Jae Kyu Kim
4:50-5:10 Mesenteric artery intervention	Hwan Jun Jae
5:10-5:30 Visceral aneurysm & AVM	Hiro Kiyosue
5:30- Q&A	

Wed, January 30

< Ablation therapy>

09:00-10:00 RF ablation of Liver Tumors	Young Jun Kim
10:00-10:30 RF ablation of thyroid and neck tumors	Jung Hwan Baek
10:30-11:00 Q&A, coffee break	
11:00-11:30 Combined TACE and RFA for HCC	Chang Jin Yoon
11:30-12:00 Sclerotherapy of cystic lesions	Eui-Yong Jeon
12:00- Q&A	

Thursday, January 31

<Hands-on Workshop>

09:00 am Hands-on Workshop	Lab
<US guided vascular access in a phantom>	
<Closure devices>	
<Microcoil embolization in vascular phantoms>	
<IVC filter placement and retrieval in a phantom>	
<Mechanical thrombectomy in a phantom>	
<Renal PTA and stent in a phantom>	
<Stent-graft placement in a pulsatile flow phantom>	
<RF ablation of target lesions in phantoms>	
<US-guided biopsy of target lesions in phantoms>	
<GI stent placement in a phantom>	
<Animal: glue embolization>	
<Animal: renal stenting>	
<Simulator: renal PTA/stenting>	

<Atherectomy Device: Peripheral Plaque Excision System>

Friday, February 1

< Venous intervention>

09:00-09:30 Central venous access	Hong Suk Park
09:30-10:00 Interventional management of portal hypertension:TIPS	Seung Kwon Kim
10:00-10:30 Interventional management of portal hypertension:BRTO	Young Hwan Kim
10:30-11:00 Q&A, coffee break	
11:00-11:40 Interventional management of hemodialysis access	Dong Erk Goo
11:40-12:10 IVC filter and interventional management of DVT	Sun Young Choi
12:10- Q&A	

12:10- 1:30 Lunch

< Non-vascular intervention>

1:30-2:00 Gastrointestinal stent placement	Ho-Young Song
2:00-2:20 Percutaneous gastrostomy and gastrojejunostomy	Kwang-Hun Lee
2:20-2:40 Airway intervention	Ji Hoon Shin
2:40-3:00 Q&A, coffee break	
3:00-3:40 PTBD and Biliary stent placement	Dong Il Gwon
3:40-4:10 Percutaneous drainage: PCD and PCN	Se Hwan Kwon
4:10-4:30 Percutaneous stone removal	Hyung Jin Shim
4:30-4:40 Q&A	
4:40- Closing	Hwan Hoon Chung
